Registering for Research Units

The first step to obtaining credit for a research experience is **Securing a Research Mentor** (see MCB website).

Once students have secured a research mentor, they should meet with him or her to **discuss any specific criteria** that will be required of them, such as carrying out certain lab techniques, attending lab meetings, maintaining a lab notebook, presenting, writing a summary of the research, etc.

Such **criteria should be listed on the Registration form** below so there is an understanding of the grading process for the student. Students are expected to work a total of 45 hours for every 1 unit of credit (approximately 3 hours per week per credit during a regular 15-week semester). Any questions regarding the requirements for the research experience can be directed to Kara Dyson at kdyson@email.arizona.edu or Justin Schneider at jmschnei@email.arizona.edu.

Which Course Number Should Students Register for?
The project advisor and the student should work together to decide the course type and number is the most appropriate for the research experience based off the MCB Research Guidelines. The chart below lists the different types of credit available. Due to students’ need for upper division units for graduation, freshmen and sophomore students are allowed to register for 300-level courses.

For Students Interested in Doing a Non-Lab-Based Independent Study Experience
Some students may want to receive credit for MCB-related experiences which are not lab-based, such as writing a literature review, assisting a professor in designing curriculum for a course, or other projects. For these situations, please contact Kara Dyson at kdyson@email.arizona.edu or Justin Schneider at jmschnei@email.arizona.edu.

How Does the Instructor Report the Student’s Grade?
At the end of the semester, instructors must use the Instructor Center on UAccess to report their students’ grades (www.uaccess.arizona.edu).

APPROVAL FOR UNDERGRADUATE RESEARCH FORM

Please complete and return this form to the MCB Advising Office in Life Sciences South, Room 248. This form is for departmental records and used to add the student to the specific research units.

Students who submit this form by the posted deadline will have the research credits added to their schedule by the MCB department. The deadline for submission to have units added for the Fall 2018 semester is Wednesday, August 29th, 2018.

Students submitting this form after the posted deadline may be required to pay late fees, additionally completing a Change of Schedule form, and/or other consequences. Please contact an MCB advisor directly if you are submitting this form after the deadline for further instruction.

Any incomplete forms will not be processed. Be sure to fill out each section and provide full details.

The University of Arizona would like to ensure that research experiences for undergraduates continue to be of high quality, reflecting the true nature of the directed or independent research agreed upon. In order to define the research experience for both the student and the project advisor, detailed information regarding the research project is necessary. This Approval Form should be as specific as possible so that both the project advisor and student are aware of the expectations for the project, as well as what criteria will be used to award a grade. The full listing of University of Arizona Policies for Independent Study is available in the current Academic Catalog.

**REQUIRED SIGNATURES:**

*The student’s grade for this course is based upon the student’s completion and performance of the criteria listed in the Project Information & Requirements section above.*
